Sparinvest SICAV - Danish Equities DKK LPI

2025-03-31

Description

The Fund aims at providing a positive return over the long term. The Fund invests at least 80% of its total net assets in equity securities traded on the Danish stock exchange primarily included in the Fund's benchmark - OMX Copenhagen Capped Index. The majority of the issuer companies may be elected from the most liquid securities in the Fund's benchmark, while the small cap companies may be less represented. The Fund may, to a limited extent, invest in equity-equivalent securities (such as ADR/GDR) and/or other eligible transferable securities, and/or in liquid assets and/or in regularly traded money market instruments with a residual term of a maximum of 12 months and/or in fixed income transferable securities. Environmental and social characteristics as well as good governance of the companies invested into are taken into consideration when making investment decisions. The Fund promotes environmental and social characteristics, but does not have sustainable investment as an objective.

The Fund is actively managed and references a benchmark for asset allocation, risk measurement and comparative purposes. The Investment Manager has full discretion over the composition of the portfolio of the Fund even though the benchmark constituents are generally representative of the Fund's portfolio. The Fund does however not track the benchmark and can invest in instruments that are not constituents of the benchmark. The degree to which the composition of the Fund's portfolio may deviate from the benchmark will vary over time and the Fund's performance may be meaningfully different from that of the henchmark

The share class can be terminated if the net asset value is below EUR5 million or if a change in the economic or political situation would justify such liquidation of if necessary in the interests of the shareholders.
